

# MYT-836L

## Professional Two Way Radio

Digital direct frequency walkie talkie is a handheld intercom system of DMR standard. The Product is base on digital intercom, which can realize decentralization, automatic networking, multi-level interconnection, and simultaneous intercom by multiple people.

### Wherever you are, There is a solution

Strong signal . strong penetrating power, cope with various harsh envitroments

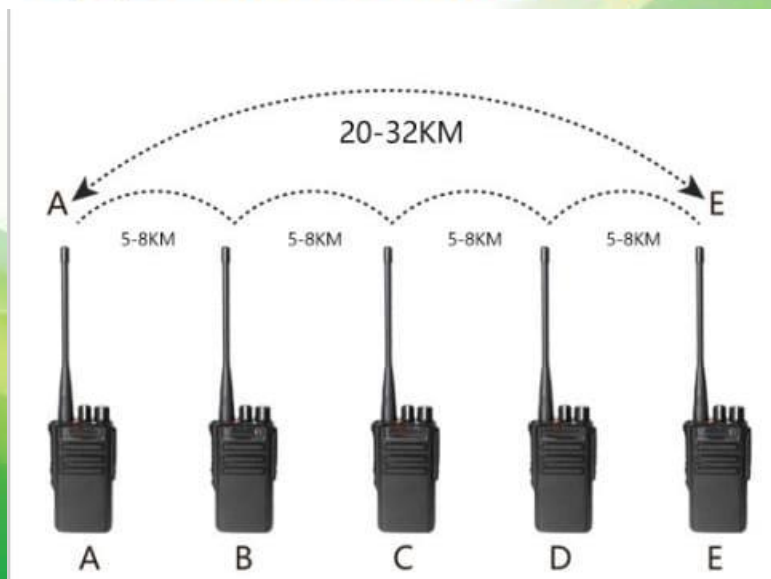

Basement

Zero  
Signal Zone

Mountain

Island  
& etc...

### Applicable Scenarios:

# Mytetra MYT-836L

## Professional Digital Two Way Radio

### Function

The machine adopts military encryption algorithm, which has high confidentiality, good anti-interference and strong penetrating ability. With its own transfer function, it can transmit 30 levels downwards, and the distance is extended wirelessly. it can realize group call.

- 16 Channel
- PTT Key
- English Language
- High/Low Power Consumption
- Big battery Capacity, ultra long standby time
- High Power Speaker Loud voice.
- Status Indicator
- Low Power Alert
- Voice Prompts
- Dual Time Slot

### Technical Specifications

Frequency Range	UHF 400-480MHZ
Channel Capacity	16
Channel Spacing	25KHz / 12.5KHz
Dimensions	120 x 62 x 42mm (including standard Battery)
Weight	266g (including Battery)
Battery Type/Capacity	Lithium Ion / 4200mAh

#### RECEIVER

Sensitivity (12dB SINAD)	≤-121dBm
Adjacent CH Selectivity	≥-65dB
Intermodulation	60 / 55 dB
Audio Distortion	≤5%
Audio power	1000mW

#### TRANSMITTER

RF Power Output	5 W
Frequency Stability	±2.5 PPM
FM HUM and Noise	40dB
Audio Distortion	Less than 2%

### Standard Accessory

Charger Base

Li-ion Battery

Belt Clip

Antenna

Hand Strap

Accessories Cover

### Optional Accessory

Waterproof Retevis

Headset with Boom Mic

Throat Mic with Headset

Head Earpiece
